

About the RSPh Program Interfaith Spiritual & Energy Healing Diploma Program

Welcome to the iNtuitive Times Institute (NTI), the seminary program for the Open International Interfaith Ministry (OIIM). NTI and OIIM celebrate the many faces of the Divine as seen in the world's diverse spiritual traditions. NTI provides a vehicle for training professional, skilled Interfaith Ministers and Spiritual Arts Practitioners.

We are pleased to be able to offer to qualified students the RSPh Diploma Program. The RSPh Program offers professional skills that are simply not part of most spiritual healing and energy healing training programs. We seek students who have a calling to be of service sharing their spiritual healing gifts and who have a passion for elevating the credibility and trustworthiness of the healing/spiritual arts professions.

The RSPh diploma program is offered through:

- 270 training hours of distance education training
- 6-10 day residency in Prince Edward Island, Canada and elsewhere when requested by eight or more students – 100 training hours
- 1500 training hours of apprenticeship
- Weekly hour long tele-learnings – 10 training hours each.

The benefits of attending NTI:

- Being part of a professional Interfaith/Interspiritual community with ongoing support.
- Professional status as Registered Spiritual Apprentices, Practitioners and/or Ministers.
- Eligibility for membership in professional associations whose members provide naturotherapist (n.d.)/naturopathic treatments. This allows most clients to benefit from their extended health care plans when receiving your services.
- As NTI is a registered Canadian Federal HRSDC Certified Training Institute, you are allowed an educational exemption on your personal taxes (tax credit based on tuition fees plus monthly allowance for part-time study and texts - for 2012 this was 15% tax

credit of tuition fees paid plus \$140 a month for studying part time and texts).

- Extensive mentoring from experienced Practitioners/Ministers.
- The opportunity to contribute articles to OIIM’s E-zine – published three times per year.
- A free AD in OIIM’s E-zine.
- Graduates are invited to contribute as Associate Professors in their area of specialization.
- Graduates are eligible to be listed in the OIIM online Registry.

MODULE VI: DEAN REV. SUSAN EATON [REVUSAN@INTERFAITHMINISTRY.COM](mailto:REVSUSAN@INTERFAITHMINISTRY.COM)

Module VI Focus:

This module focuses on giving you professional level tools beyond the apprenticeship level necessary for energy, spiritual and vibrational healers. Many of these therapies are taught purely from an experiential point of view. Although this is good from a personal development perspective, a practitioner wanting to work from a professional context needs a stronger professional foundation to support clients and congregants. There is a great deal of research in this field that we can benefit from when providing healing ministry services to clients and congregants. In addition, this module gives you the opportunity to explore serious, solid, scientific research in a broad range of vibrational medicine, healing therapies and holistic health. This module prepares you for registration with the OIIM Registration Board as an Interfaith Spiritual and Energy Healer (RSPh) upon completion of this diploma program and the pre-requisite CASC program.

Foundational Resources for Module VI:

Welcome to the NTI Interfaith Spiritual & Energy Healing Diploma Program. We have chosen a number of books, multi media resources, power points and articles for each course within this module which we believe will provide you with a balanced and sound foundation in the topic area that it explores. However, there are a few books and resources which we feel are relevant to all the courses and which should be read to provide a foundation or which will act as a reference when needed.
